

## CRIMINAL COAL CASES DISMISSED

Miners, Operators And Union Of-  
ficials Number 127 Involved In  
Federal Court Action

### ATTORNEY GENERAL'S MOTION

Belief That Conviction Could Not  
Be Obtained Is Basis Of Mo-  
tion To Dismiss

(By United Press)

Indianapolis, Ind., June 28.—Criminal cases against 127 coal operators, union officials and miners and 99 corporations connected with the bituminous coal industry were dismissed in federal court today on motion of Harry M. Daugherty, United States attorney general.

The cases had been pending since the return of indictments by a federal grand jury, February 25, 1921. Charges that operators and miners had combined to control the soft coal industry of the country in violation of the Sherman anti-trust law, were contained in the indictment.

Belief that a conviction could not be obtained was the basis of the motion to dismiss the cases, according to a statement read by Daugherty to Judge Anderson.

However, the attorney general admitted in his statement that many things done at the joint meetings of operators and miners constituted a conspiracy.

One of the reasons for making the motion to dismiss the action was to make it impossible to say that the legal branch of the government was unnecessarily impeding the progress of the legitimate business.

At the same time, he denied the government was making a backward step in enforcing the Sherman act. In the future, he said, the government would give more attention to the rights of the general public affairs of this kind.

At the conclusion of the attorney general's statement, Judge Anderson granted the action and ordered the cases dismissed. He made no comment and court was adjourned immediately.

Harry M. Daugherty, attorney general of the United States arrived in Indianapolis late yesterday and immediately went into conference with Federal Judge Anderson and District Attorney Elliott.

The reason for the attorney general's visit and the results of the conference were kept secret, but it was reliably understood that when he appeared in federal court today he would ask dismissal of the coal conspiracy cases.

Daugherty came here a year ago and held a long conference with Judge Anderson declined to take conspiracy cases. It was reported that he recommended dismissal of the cases at that time, but that Judge Anderson declined to take final action on the suits because of the strike then in progress in the bituminous fields.

## TWO MEN KILLED IN WIND STORMS

Damage Estimated At Thousands Of  
Dollars Done In Eastern Ne-  
braska And Missouri

### RAIN REGULAR CLOUD BURST

Omaha, Neb., June 28.—Claude Long, 20, Talmadge, Iowa, was killed, more than \$100,000 damage was done to crops and property, and communication was demoralized by a 60 mile wind and rainstorm that swept over eastern Nebraska last night and early today.

Joplin, Mo., June 28.—One was killed, several injured and property damage amounting to thousands of dollars amounting to thousands of dollars swept over southeastern Missouri last night.

F. C. Smith a farmer was killed when a tree was blown over on him. Heavy rains, approaching cloud-burst proportions, were reported throughout this section of Missouri.

## RAIN DELAYS WHEAT CUTTING

Some Grain Cut in Southern Part of  
The County

The rain of last night and today prevented many Rush county farmers from cutting their wheat, which was started in Orange township Tuesday. Many fields are now ripe enough to be cut, and threshing will be started in some sections of the county within ten days if the weather permits.

Farmers assert that it is too early to make an estimate as to the quality of the wheat, as when it is threshed is considered the best time to place the accurate test. The grain throughout the county is considered now as an average crop, with fields in the southern part of the county maturing more quickly than the northern portion.

## SAYS FOREIGN SHIPS WILL NOT BE SEIZED

Acting Secretary of Treasury Warns  
Commissioner Haynes Not to  
Make Such Statements

### NOT SERIOUSLY CONSIDERED

(By United Press)

Washington, June 28—Prohibition Commissioner Haynes was warned today by Acting Secretary of the Treasury, Gilbert to make no further statement that foreign ships bringing liquor into American waters would be seized by the United States government.

Gilbert announced that no seizures would be made, that no serious consideration had been given to the suggestion made by Haynes and that no such drastic action was believed necessary to control the situation.

Following a conference in Gilbert's office to which Haynes had been hastily summoned, Gilbert said:

"Mr. Haynes has been warned to make no further statements regarding the proposed seizure of foreign ships. I believe it is now well understood that any statement regarding the policy of this government in the ship liquor situation will come from this office."

## PRESIDENT INVades SEN. BORAH'S STATE

Harding Expected to Refer to World  
Court in Speech at Pocatello  
This Afternoon

### TO SPEAK TWICE IN STATE

By LAWRENCE MARTIN  
(U. S. Staff Correspondent)

With President Harding, En-  
route To Pocatello, Id., June 28.—"Bill" Borah's state received President Harding today. The president was to speak at Pocatello known in advance, though it was not known in advance, but it was intimated Mr. Harding probably would refer to the world court. His advocacy of that proposal is growing more vigorous daily and while his references to it in Idaho will be such as not to constitute an offense to Senator Borah, they probably will be pointed, if he decided to mention the subject.

The fact is that Mr. Harding is coming close to the Borah idea. He believes it may be possible to make a working alliance with Borah before the end of the forth-coming senate fight on the proposal. He has been strongly advised, however, to confine his two speeches in Idaho today to agriculture and other domestic questions. He will speak at Idaho Falls in the afternoon.

The presidential train crossed into Idaho this morning after two days in Utah. Yesterday Mr. Harding and his party motored 150 miles to spend three hours in National parks. Mr. Harding and his physician rode up Zion canyon on horseback.

### TO SING SUNDAY

Mark W. Harkins of Northfield, Minn., son of Mrs. L. E. Brown, will sing at the morning service at the Main Street Christian church next Sunday.

## SIBE CORROBORATES PARKER'S TESTIMONY

Former Marion County Clerk Testifies Regarding \$10,000 Given to  
Edwin A. Hunt

### WAS LEFT "TO HOLD THE BAG"

(By United Press)

Indianapolis, Ind., June 28—James O. Parker, president of the Aetna Trust and Savings Company, in 1921, resunned the witness stand today in the trial of Edwin A. Hunt, charged with conspiring with Will H. Latta, attorney, and Richard V. Sipe, former county clerk, to embezzle county funds.

Parker testified that Hunt received a check for \$10,000 and \$30,000 in negotiable securities from Sipe in September, 1921, to "bolster up" the Aetna company.

Sipe corroborated this testimony by saying that Hunt stood outside the door of a bank while he went in and got the securities to turn over to him.

The state will attempt to show that Sipe loaned the money to Hunt in good faith, and that Hunt then left Sipe to "hold the bag."

### RED MEN TO MEET SATURDAY

Annual Indiana "Pewwow" Will Be  
Held At Clermont

Indianapolis, Ind., June 28.—The annual "pewwow" of the State Independent Order of Red Men will be held Saturday at Clermont.

A large class of candidates will be taken in. The class will be known as the "Great Incohonon" class in honor of J. E. Sedwick, of Martinsville, the great incohonon of the United States.

Speakers will be James R. Stockdale, New Albany, great sachem of Indiana; Fred E. Hines, Noblesville, and Arch N. Hobbs, Indianapolis.

More than 5,000 Red Men are expected to attend the powwow.

### TO PLAY IN ORCHESTRA

Robert Gantner, graduate this year of the Rushville high school, left today for Winona Lake where he will play a cornet in the Winona orchestra. The engagement will last until August 16. George Small of Shelbyville, who has been engaged as supervisor of music in the Rushville schools for the coming year, is a member of the orchestra.

## MAKE A SECOND ATTEMPT

Army Airmen Hop Off at 4:48 to  
Break Air Endurance Records

San Diego, Calif., June 28—Captain L. R. Smith and Lieutenant John B. Richter hopped off at Rockwell field at 4:48 a. m., in a second attempt to break all air endurance records.

The army aviators intend to remain aloft four days without stopping their motor, establishing seven new records, including marks for sustained flight and for speed at various distances.

The first attempt yesterday ended after six hours when mechanical trouble forced them down.

## URGES ENACTMENT OF UNIVERSAL DRAFT LAW

Commander Of American Legion  
Favors Conscription Of Wealth  
As Well As Men During War

### SPEAKS BEFORE LIONS CLUBS

(By United Press)

Atlantic City, N. J., June 28.—Immediate enactment of a universal draft law which would call all men to the colors and conscript wealth as well as ease of war, was advocated by Alvin Owsley, national commander of the American Legion, in an address before the national convention of Lions clubs today.

"Today is the time to declare our national policy—that human lives are more valuable than dollars, so that when the youth of our land is ordered to march, gold will be mobilized as well."

"In the event of another war the Legion favors a universal draft and conscription of wealth and material resources."

"It is reported that President Harding now favors such a program. The Legion advocates its immediate enactment."

"The American Legion proposes that the veterans of the world war work to check war and further world peace. But eager though we are for a continuing of peace and the outlawing of the war, we will not shirk the patriotic duty of dealing with inexorable facts."

"We must face squarely the problem of national defense and stand strong for adequate military protection."

## CHARLES S. MEDBURY WILL SPEAK AUGUST 5

Eloquent Pastor of University Place,  
Church of Christ, Des Moines,  
at Local Assembly

### HAS OPTIMISTIC VIEWS

Few men have the power to stir audiences as does Dr. Charles S. Medbury, the eloquent and forceful pastor of University Place Church of Christ, Des Moines, Iowa, who will present to the Rush county chautauqua, Aug. 5, his great lecture, "The Man of Now at New Tasks."

His sincerity and earnestness, his grasp of his subject, the breadth of his views, together with his remarkable oratorical powers give immediate weight to his message, it is asserted.

Doctor Medbury discusses world affairs from the American viewpoint. He is an optimist, yet he faces the grave problems of the day squarely, acknowledges their seriousness, and calls to men to solve them wisely, according to newspaper accounts of his lectures.

A broader outlook on life with its power for service and happiness is presented in this lecture, which should be heard in every community, it is stated.

## SAFETY SAM

Some people are feeling safer since they think Ford won't run; lots more would feel safer if they felt sure his fenders wouldn't.

### CONSPIRACY ALLEGED

Chicago, Ill., June 28.—Charges that a conspiracy exists to prevent prosecution of liquor law violators were made today by a federal grand jury before Judge James Wilkerson. Government witnesses appearing before the jury have refused to testify, suffering from bad memory and perjured themselves, the twenty-three jurors declared. The jury was unable to return indictments because of this.

## DISTRICT GOVERNOR HERE

Burton D. Myers Of Bloomington  
Speaks To Kiwanis Club

Burton D. Myers, district governor of the Kiwanis clubs and Mrs. Myers of Bloomington were guests of honor Wednesday night at the meeting of the Rushville Kiwanis club, and other guests included the wives and lady friends of the local members.

The district governor was welcomed by Robert Mansfield, and his address of the evening was "What Kiwanis Means to me." The subject was well treated and brought out several new lines of thought for the members. Mrs. Myers was entertained by the women of the club.

Several guests were present from out of the city and the meeting was of the city, and the meeting was pronounced as being one of the best attended by the governor in this section.

## BIBLE SCHOOL TO CLOSE ON FRIDAY

Vacation Work At First Presbyter-  
ian Church Attracts 78 Children  
During Summer

### IN SESSION FOR FIVE WEEKS

School Will Give Demonstration Of  
Work At Union Services At The  
Church Sunday Night

The Daily Vacation Bible school of the First Presbyterian church which has been in session during the past five weeks, will close its term Friday.

During the five weeks, there have been seventy-eight children enrolled. Nineteen were enrolled in the kindergarten classes taught by Miss Bertha Moore, eighteen in the primary classes under the instruction of Mrs. Mae Meredith; and forty-one in the junior class, Miss Margaret Weakley being the instructor. The instructors were very ably assisted by Miss Margaret Herkless in the music and Leroy Weakley in the craft work of the boys.

The average attendance for the twenty-five days has been about forty-seven. Because of the vacation season, some of the children were present only a few days, while many of them have gone the full five weeks. They have studied the leading bible characters, memorized portions of scriptures and learned hymns. For recreation they have done hand work and played folk games.

The expenses of the school has

## RUSHVILLE BOYS ORDERED TO CHINA

Capt. Edwin Watson and Lieut. Weldon Brann Will Sail For Tientsin Next Month

### BOTH IN THE REGULAR ARMY

Captain Edwin Watson, son of Senator and Mrs. James E. Watson, and Lieutenant Weldon Brann, son of O. C. Brann of this city, both of the regular army, have been ordered to Tientsin, China, and will sail sometime next month, according to word that has been received here.

Lieut. Brann has been stationed at San Antonio, Texas for almost two years and Captain Watson has been in Washington. Lieut. Brann was ordered to be in San Francisco Saturday June 30, ready for sailing orders, but definite word regarding when he would sail has not been received here.

Senator Watson told friends while here recently that his son would leave June 30, but it is not known whether he would leave his present post or would sail on that date.

It is regarded as a coincidence that Capt. Watson and Lieut. Brann should be ordered to the same post as they were inseparable boyhood chums during their schooldays in Rushville, and continued the friendship when they became of age though their work lay in different directions. Both served in the army during the war.

A military proclamation issued by Adjutant General Markham, forbidding mass meetings, was enforced today.

## PLAINTIFF GIVEN JUDGMENT OF \$500

Judge Sparks Decides Case Of  
Henry A. Widvey Against Lu-  
cinda J. Zorne Today

### TRIAL LASTS A WHOLE WEEK

Special Judge John C. Craig Sets  
Case Of State Against Capp  
Miller For Monday

The case of Henry A. Widvey against Lucinda J. Zorne, a complainant on a claim for services rendered, was decided this morning in court by Judge Sparks, in which the plaintiff was awarded \$500 judgment and costs in the case.

The matter occupied court all week with the evidence, and was completed Wednesday at noon, and taken under advisement until this morning by the court. The original demand was for \$1,200, and the plaintiff alleged that his services were worth that amount during a period of time when the defendant was injured and unable to wait on herself.

## CRIMINAL COAL CASES DISMISSED

Continued from Page One

Indictments in the cases were returned in February, 1921. The defendants were charged with a gigantic, nation-wide conspiracy to fix the price of coal. The indictments were brought under the Sherman anti-trust law and charged conspiracy in restraint of trade and monopoly of the coal trade and commerce.

The indictments specifically charged that the coal strike of 1919 was a gigantic conspiracy for the express purpose of raising coal prices. John L. Lewis, president of the United States Mine Workers of America, and William Green, secretary, were among the defendants named.

Charles Evans Hughes, present secretary of state, was employed by the United Mine Workers to defend their chief.

The indictments included many of the principal operators and miners' leaders in the Indiana fields, as well as miners and operators throughout the central competitive region. Operators outside Indiana raised stubborn objection to being brought to Indiana for trial.

After numerous delays, the cases were finally postponed indefinitely, and when Harry M. Daugherty became attorney general, the cases were never pushed.

The investigation which led to the indictments was made by L. E. Slack, former United States district attorney who was named a special assistant to the attorney general for these cases.

Slack was discharged last year by Daugherty.

Among Indiana operators under indictment were: Hubert M. Ferguson, Clinton; John Chesterfield, Brazil; Harry W. Little, Evansville; and William J. Freeman, Jacob C. Kolsen, Phil H. Penna, Hugh Shirke, George C. Richards, David Ingle, Edward Shirke, Robert J. Smith, Alfred M. Ogle, Jabez Woolley, William Zimmerman, Walter W. Tally, and Jonas Waffle, all of Terre Haute, and William M. Zeller, Brazil.

Indiana miners and members of the International Mine Workers under indictment included: Ed Hayekrampf, Charles Fettinger, Ulysses G. Hall, all of Terre Haute; Harry Lentz, Evansville and Harry Sutliff, Shelburn.

GIVE GOD THE BEST:—Hon-  
or the Lord with thy substance, and  
with the first fruits of all thine in-  
crease. Proverbs 3:9.

**Harding, Evangelist**

President Harding, in his series of speeches made as he proceeds westward on his trip to Alaska, is said to have replaced politics with religion. Although the replacement has taken place to some extent, politics has not been entirely eclipsed by religion, though it has not taken the prominent place that might be expected.

Those who have heard the president have been impressed by his sincerity of purpose and his evident desire to contribute his measure of influence to help rehabilitate the world. Those who have read his speeches have noted, too, that he has made

frequent references to the all-powerful gospel of the Christ as the greatest remedy for modern social, economic and political ills of both the nation and the world.

The president evidently is convinced that spiritual regeneration is the thing that the world needs, and certainly no man can bring this cause better to the attention of the people of the world than President Harding. When he made the one departure from his schedule last Thursday to address the international convention of Rotary clubs at St. Louis, the president said:

"And the thing that the world needs today more than anything else is to understand that only service will make the restoration that came of the tumultuous world war, and if we can all get down to humble service, honest service, helpful service, the things that humanity must do to make the recovery, then there will come out of the great despondency and discouragement and distress of the world a new order."

In his first public utterance on his western trip—he spoke to the Rotarians soon after his arrival in St. Louis, his first stop—the president gave an index of what was nearest his heart. He made it an individual matter, one of personal responsibility which each American citizen faces.

No government, no matter how bureaucratic, can function so as to lessen the responsibility of its citizens. They still face the necessity of meeting their problems as they arise. Men and women must deal with the vital questions of life in their own way; there never was a time when they could be shunted to the shoulders of some government agency.

And in casting about for the answer to the perplexities of the after-war tumult, the president has struck the keynote—humble, honest, helpful service, the kind that the master of men taught is the only thing worth while after all. The president is contributing much to forces that are seeking normally after the greatest struggle of all time, by his constant reference to the teachings of Him who has ever been the guide of humanity in pointing to unselfish service to human kind as the one avenue leading to peace on earth and good will among men.

**Satisfied With Our Lot**

An agitator rises to remark that the industrial situation in this country is bad because a million men are out of work.

But he is wrong. He is even misrepresenting the facts of the case.

Instead of being bad, our industrial situation is marvelous, considering the chaotic condition that existed immediately following the close of the war.

Doubtless there are a million men out of work, but that is not an unusual number when we consider that there are one hundred and ten millions of people in this country.

There always has been and always will be large numbers of people out of employment for the simple reason that about a certain percent of the population don't want to work and can not be induced to work. They are tramps, bums, drones, agitators, and general all around undesirable citizens.

There are others who would willingly work, but are physically incapacitated.

There are others who, if they can not find work in one particular trade will not work at anything else.

Still others finds it more comfortable to allow their wives and children to perform the manual labor while they enjoy a life of ease.

We have every reason to be satisfied with existing conditions. They are not perfect, never have been and never will be perfect, but they are vastly better than anywhere else in the world today.

**NOTICE TO BIDDERS.**

Notice is hereby given that the undersigned, Trustee of Jackson Township, Rush County, Indiana, will receive bids at his office in the County Superintendent's office in Rushville, Indiana, until 1:00 o'clock p.m. on the 30th day of July, 1923, for an electric light plant sufficient to furnish light and power in the new school building being erected in said township. Said plant to be installed and to be sufficient for the needs of said building both for light and power. Bidders will inspect the plans for said building now on file at the office of said Trustee at his residence in said township and shall furnish sufficient description of their plant as will enable the school authorities to judge of the relative merits of the plant proposed.

Bids must be submitted on forms prescribed by the State Board of Accounts.

The right to reject any and all bids is reserved.

BASEBALL — BOXING  
GOLF — TENNISEAGLES WILL PLAY  
RETURN GAME HERE

Greensburg Ball Team No Better Than Locals, it is Believed, Though They Won Sunday

## LARGE DELEGATION COMING

The Greensburg Eagles will play a return game of baseball here Sunday afternoon, and one of the largest crowds this season is expected to attend the contest. The two teams played a loose contest last Sunday at Greensburg, when the locals threw the game away on account of errors, and lost 12 to 6.

Many of the fans who witnessed the game declare that Rushville has as good a team as the Eagles, and if conditions are favorable here Sunday, they should win out.

The line-up of the two teams has not been announced, but in all probability there will be no changes, with the possible exception of a new outfielder for the locals. Behnke and Byrne will form the battery, and Cookman will play short. Schott will hold down first, Conway second, R. Behnke, at third, Pearsey, Sharp, Teters and another player will be in the outfield.

Greensburg is expecting to send a big delegation here and baseball fans from all sections of the county will be here to see the two teams in action.

## The Score Board

Brooklyn collected 21 hits, 2 home runs, 3 doubles and a triple in the series opener at Philadelphia, winning 15 to 5.

The New York Giants chalked up their ninth straight victory when they scored 7 runs in the eleventh and defeated Boston 15 to 8.

Pittsburg made a clean sweep of the four game series with the St. Louis Cards by winning the final game, 6 to 0.

## The real reason for buying Columbias —they last longer

## Hard Race on Hudson

By PAUL R. MALLON  
(I. P. Staff Correspondent)

New York, June 28—Down in the shadow of the Palisades this evening six university crews are to pull over a three mile course on the Hudson River at Poughkeepsie, N. Y., in their annual regatta.

The early favorites were Navy, Cornell and Washington, with Columbia, Syracuse and Pennsylvania in second class. The new Navy crew, however, seems to stand out on the basis of dope.

The Columbia crew showed a flash of brilliant speed in early season, but hurt its prestige in losing to Yale. It has been training steadily at Poughkeepsie for weeks, and some of the students of intercollegiate rowing believe it deserves more than allotment in the second division.

Washington's ability is little heralded in the east, but remembering previous three-mile crews turned out there, the east has fearfully named it "dark horse".

The Cornell eight did not come along so well in the early season. The stroke oar was slow and the entire boat did not show the form of 1922. Cornell likewise was defeated by Yale, and lost much of its former confidence.

Connie Mack is playing a game called "pitchers" down in Philadelphia. It is not a new game. Baseball managers have been driven crazy playing it for years.

Mack's game, however, is unique because he thinks he has a winning hand. Rommel, best moundsman on

the club in 1922 and seventh best in the whole league, didn't do so well in the first few months of the season. He was not able to win consistently and his failures caused Mack many a heartache.

On the other hand, Naylor, who won 10 and lost 15 last year, succeeded in winning seven out of his first eight games. Harris, too, came along in unexpected speed and won half of his early games.

Walberg came from the "Giants" and, without setting fire to the town, succeeded in building up some new hopes in Connie Mack's mind.

If the pitchers hold out! If the pitchers don't hold out! That's the game.

## SHELBY UNABLE TO ENTERTAIN CROWDS

John W. Cavitt, Former Rush County Man, Writes Sister That Town Will Be Unable to Take Care of People at Dempsey-Gibbons Fight July 4.

Shelby, Montana, which will be the scene of the Dempsey-Gibbons world championship battle July 4, will be unable to accommodate the crowds properly, according to John W. Cavitt, a resident of that place, who has written a letter to his sister, Mrs. Tom Mills, describing condition at Shelby. Mr. Cavitt is a former Rush county man, and is also brother of Voorhees Cavitt, former Rush county sheriff.

Shelby, Mont., June 28—Promoters of the Dempsey-Gibbons fight will ask the boxers and their manager to consent to postponement from July 4 to July 14, it was learned from a reliable source of information today.

Confronted with the problem of raising \$273,000 to pay Dempsey the \$110,000 still owing on his guarantee, meet other indebtedness, the promoters seek more time in which to dig up the money.

Given a ten day stay, they believe they can scrape together enough cash for Dempsey by July 2, and in the remaining extra time can boom the ticket sale to raise the rest of the sum.

Consent of Jack Kearns and Eddie Kane, managers of the champion and the challenger, will be necessary before there can be a postponement as the contract calls for the bout on July 4. Neither Kearns nor Kane was ready to discuss the postponement until the subject had been officially presented.

Following resignation of Dan Tracy, Great Falls man who was named as the representative of several creditors, Mayor Jim Johnson was back in the saddle as the big boss of the fight.

"I have \$300,000 worth of unencumbered property and with this back of me, I'll say the fight is on. We have put too much in this not to go through with it," Johnson said.

Experts who have been watching both Gibbons and Dempsey in training have expressed the opinion that both the champion and the challenger are in fine shape. Many of them say that Gibbons appears to be lighter and less strong than the champion, and many criticize Gibbons for not having heavier sparring partners.

Others give Gibbons a fine chance on the ground that Dempsey, for natural reasons, cannot be as good as he was four years ago or two years ago.

Shelby was deep in mud again today after a heavy rain, and the promoters of two rival rodeos in town were lending a voice to the dirge of the fight promoters.

It is definitely known that the entire Sweet Grass Arch carried oil and gas. The field is one hundred miles square and many pools will be found. The Kevin-Sunburst field is the largest in extent in the world today with promises of very much larger. One year ago Shelby had a population of three hundred, now it is near three thousand. The town was enjoying a good steady growth before the fight was thought of. When it was certain that the fight would take place here, a mushroom growth started immediately. The most of us thought it a joke when Shelby began to aspire for these honors and was very much surprised to find ourselves saddled with such an undertaking.

Shelby would have been better off if it had not attempted such a large celebration. There will be at least one hundred thousand people here that day and a town of three thousand can't give the right kind of accommodation to such a crowd. There will be plenty of food, water and beds and police protection. That is the best the officials of the town and county can do. There will be a Rodeo for entertainment which will be the most elaborate ever attempted. Those that want to see the "wild west" as pictured in Western stories, can see it here. There will be no fake about it. I will be in Shelby now until after the Fourth. I am with the sheriff's force that will maintain order. If any one from Rush county comes out this way, they can find me by making inquiry at the office. Would be glad to see any one from my old home.

## TO ASK FIGHT BE POSTPONED

The following clipping from the Indianapolis Star gives an account of the wedding of Miss Martha Naomi Baker, daughter of Mr. and Mrs. William H. Baker, of Indianapolis, and formerly of Falmouth, to Thomas Raymond Lyda, also of Indianapolis, and which several local people attended:

The marriage of Miss Martha Naomi Baker, daughter of Mr. and Mrs. William H. Baker, 95 North Hawthorne lane, to Thomas Raymond Lyda, took place yesterday afternoon in a beautiful ceremony at 4 o'clock at the Downey Avenue Christian church with the Rev. Howard E. Jensen, assisted by the Rev. Joseph Arnstead reading the ceremony before a background of palms and ferns, lighted by tall white cathedral candles. Preceding the ceremony, Mrs. W. W. Mendenhall played a program of bridal music and Mrs. Russell H. Baker of Lewisville, Ind.,

sang, "The Call of Love", "Beloved It Is Morn", and "Oh, Promise Me", During the reading of the service, "To Wild Rose", was played.

The ushers were sorority sisters of Miss Baker, members of the Zeta Tau Alpha Sorority. They were Misses, Wilma Davis, Jessie Haywood, Margaret McRoberts, Ethel Parker and Norris Stanley.

They wore frocks in the pastel shades with picture hats and wore corsage bouquets of Ophelia roses. Miss Esther Heuss, a maid of honor, wore an orchid satin crepe gown trimmed in silver lace and a picture hat, and carried an arm bouquet of Ophelia roses and delphiniums. The bridesmaids were Miss Gladys Bruce, who wore a changeable blue and silver taffeta with a hat to match and carried an arm bouquet of Ophelia roses tied with blue tulle, and Miss Mae Schaeffer, who wore a blue and orchid georgette hat to match and carried flowers like those of Miss Bruce. Little Miss Phyllis Ann Baker was the flower girl and wore a dainty white ruffled net frock and carried a French basket of rose petals.

The bride was gowned in white flat crepe trimmed with chantilly lace and pearls, fashioned with draped sides. Her tulle veil was arranged at the head with a rat-tail in the back and held in place by a band of orange blossoms. She carried a shower bouquet of Bride roses and lilies of the valley.

The ceremony was followed by a reception at the home of the bride's parents, where the delicate color scheme of orchid silver and blue was carried out in the appointments. The bride's table, in the center of which was a two-tier wedding cake surrounded by wreaths of smilax, was lighted by white tapers in silver holders tied with white tulle. The house was lovely in the arrangement of the baskets of roses, and Miss Alberta McCain, harpist, played. Mrs. Baker, mother of the bride, was gowned in gray georgette over rose taffeta, and wore a hat to match and a corsage bouquet of Ophelia roses.

Assisting Mrs. Baker were Mrs. Louis Bowman, Mrs. John Martin, Mrs. Albert Baker, Mrs. Helen Tomlinson, Mrs. Charles Elwell, Raleigh Ind., and Miss Millicent Church of Sidell, Ill.

Mr. and Mrs. Lyda have gone on a wedding trip on the Great Lakes. She wore a traveling suit of gray Poiret twill with a French velour hat to match, trimmed with pheasant. After July 20 they will be at home at 15 Campbell avenue. Mrs. Lyda is a graduate of Butler college and a member of Zeta Tau Alpha Sorority. The out-of-town guests were Mrs. John Acrea, Concordia, Kas., Miss Gladys Hollingsworth, Goshen, Ind.; Mr. and Mrs. Ralph Elwell, Raleigh, Ind.; Dr. and Mrs. J. E. Walther, Glenwood, Ind.; and Mr. and Mrs. Fred Lightfoot, Rushville, Ind.

**AMUSEMENTS**

**A Gypsy Story**

For the first time in the history of motion pictures, the colorful life of southeastern Roumania—the home of the Tartar and gypsy—has been filmed in "The Law of the Lawless," Dorothy Dalton's latest Paramount picture, which will be on view at the Princess Theatre for two days commencing Friday.

Konrad Berecovicci, a gypsy author, wrote the story of "The Law of the Lawless" for the screen from his own personal experience in his native land.

Berecovicci's story tells of a Tartar girl, daughter of an impoverished householder, who is sold on the auction block to pay her father's debt. She is bought by a gypsy chief who marries her by the colorful gypsy ceremony, but who respects her dislike of him.

The girl's Tartar sweetheart attempts to rescue her but proves himself a coward in the crisis while the gypsy chieftain shows himself a fair and courageous fighter. The girl's liking for her Tartar lover gives way to a new love for the gypsy. Their chief captured by the Tartars, the gypsies, led by the girl, wife, attack the Tartar village in a fierce hand-to-hand fight. The money lender who sold the girl meets his death, the gypsy chief conquers the Tartar youth in a fierce struggle in a blazing minaret and the girl proves her love for her husband. Peace brings renewed prosperity for her father and

### At Mystic On Friday

All the adventure, thrills and romance of cattle rustling in the old and glorious days of the west are visualized in "Daring Danger," the new western thriller in which Pete Morrison is starred and which will show at the Mystic theatre, Friday only.

The story of "Daring Danger" is one of love, youth and swift action. Cal Horton, a peaceful cattleman of the west is commissioned by the U. S. Government to track a band of outlaws and counterfeiters who have destroyed the entire cattle product of a certain county in a western village. The foreman of an opposition ranch is hand in hand with the outlaws and he helps them in their thievery. Both he and Cal are in love with Ethel Stanton, daughter of the boss of Horton's ranch. In order to evade any suspicion upon himself, the foreman cunningly devises a plan whereby all blame will be cast upon Horton. The elder Stanton believes the foreman and refuses to allow Cal Horton to enter his home.

Horton, in an effort to clear his name and carry out the endeavor assigned to him overtakes the gang and after a desperate struggle he is pushed off a ledge into a huge waterfall, but he escaped harm and with the aid of the sheriff and his posse the gang is captured after many thrilling and sensational battles.

been born by the church and by the gifts of people who believe in and are interested in that kind of work among the children. The children have been given many habit talks and much training that they should receive.

Next Sunday night the school will put on a demonstration program, giving some idea of what has been done and accomplished during the school term. There will be also an exhibit of craft work. This will be a union meeting of all the churches, and the public is invited to attend and view the exhibit as well as hear the program. The church is planning to conduct a similar school next year and are planning to outline their work for the next term.

### HELP FOR GIRLS WHO WORK

#### Mrs. Lodic Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Tyrone, Pa.—"A friend told my husband how Lydia E. Pinkham's Vegetable Compound had helped his wife, so my husband bought me a bottle because I was so run-down, had a nervous weakness, no strength in my body and pains in my left side so bad that I could hardly do my work. Before I was married I used to work in the factory, and I had pains just the same then as I have had since I have done my housework. I would not be without a bottle in the house now. It has stopped the pains all right and I have found out that it is a wonderful body builder, as it has made me well and strong. It is going to be the 'old reliable' with me hereafter, and I am always willing to tell other women how it has helped me. You can use this letter as you wish as I can honestly say that my words are true."—Mrs. M. Lodic, R.F.D. No. 4, Box 40, Tyrone, Pa.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound.

### Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An expert in this field has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"When we had our first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had no trouble at all. We had no time to get a doctor because I was very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Registration, 1004 Peachtree Street, Atlanta, Ga., for a free illustrated booklet containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

## FLORENCE

### Oil Stoves & Ranges

### Family impatient for breakfast

Often, especially on a cold, damp morning, an old-fashioned coal or wood range will just refuse to burn up.

But when a Florence Oil Stove is in the kitchen all you do is touch a lighted match to the asbestos kindler and you have a hot blue

flame in a short time. Your meal is on the way in a jiffy.

The Florence burns kerosene, a cheap fuel. It boils, bakes, fries, and roasts.
